The Closing Agent, Inc. Expanding Offices into Longwood, FL

Orlando, FL (September 15, 2011): The Closing Agent, Inc. has announced it will be expanding offices into the Longwood area. In an effort to support its growing realtor customer base in both Seminole and Volusia Counties, this expansion will allow the company to have a greater presence within the community.

Conveniently located just off Interstate 4 at the SR 434 exit in Longwood, The Closing Agent's new office will be at 1150 Douglas Avenue, in the newly developed *Silver Springs Square* office complex. This location provides easy access for both real estate agents and those within the mortgage industry located within the area.

While maintaining the company's corporate headquarters in the Thornton Park neighborhood of Downtown Orlando, the expansion into the new office is scheduled once construction is completed later this fall.

"We are very excited to add an office in Seminole County," shares attorney Barry L. Miller, President of The Closing Agent, Inc. "Recognizing the volume of home sales within the Seminole and Volusia County market that we've helped close in recent years, we want to be easily accessible within the local community."

The Closing Agent, Inc., as one of the oldest independent title agencies, is an industry leader within the Central Florida community providing title insurance, closing and escrow services to consumers and real estate professionals. Miller also leads the Law Offices of Barry L. Miller, P.A., established in 1989, a full-service real estate and business law firm with services that include short sale negotiations and foreclosure defense.
